

STARCRAFT CAMPER 75

**Starcraftsmanship
guarantees
the good times.**

STARCRAFTS

When you step out your front door some morning, and the first thing to greet the grin on your face is the biggest mountain in North America, you begin to understand what Starcraftsmanship is all about.

You and your family buy a camper for one reason. To have a good time. The better the camper, the better the time you have. And that's what Starcraftsmanship is all about. Starcraftsmanship is the sum total of everything we do here at Starcraft. It's a working philosophy. It's our way of approaching and carrying out research, design, human engineering, construction, everything. Right on through to sales and service. It's our way of bringing you more in terms of value, service and warranty. It's your guarantee of the good times. Year after beautiful year.

Everybody here at Starcraft takes the business of Starcraftsmanship and guaranteeing the good times, seriously. Before anything even comes close to becoming a Starcraft camper, we talk to people like yourself. We make it a point to find out what you're looking for, so when you're out looking for it, you find it. On a Starcraft. A swing-out kitchen.

MANSHIP 75

Bright and cheery fabrics. 3-way windows. And much more.

New camper designs are refined to make sure you get the greatest comfort, convenience and beauty in the space available. Our efficiency and ingenuity in design is one of the reasons why we consistently introduce major industry innovations. Like the first crank-up lifter system (improved this year with safety catch). The first 110/12 volt converter system. A patented swing-up kitchen. And new this year, a

spring-loaded swing-up screen door.

Our craftsmen complete each step of construction using the best materials and component parts available. Then in a

series of inspections we check and double check to make certain that you get every bit of value that you pay for.

And the value goes on. Our international network of dealers and distributors will help you select the one camper that's right for you and your family. And our Owner Protection Service (OPS) program assures you of expert service after the sale. Anywhere.

When you take the best ideas, the best designs, the best materials, the best people, and you put them all together, and you do that year after year, you earn a reputation. That reputation goes on the line every time we sell another product. And we sell a lot of them. Besides selling more campers than our next two competitors combined, we're also a leader in the boating industry.

Add up all the reasons for our success, and you've got the best reason of all to buy Starcraft. We call it Starcraftsmanship.

**Starcraftsmanship
guarantees the good times.**

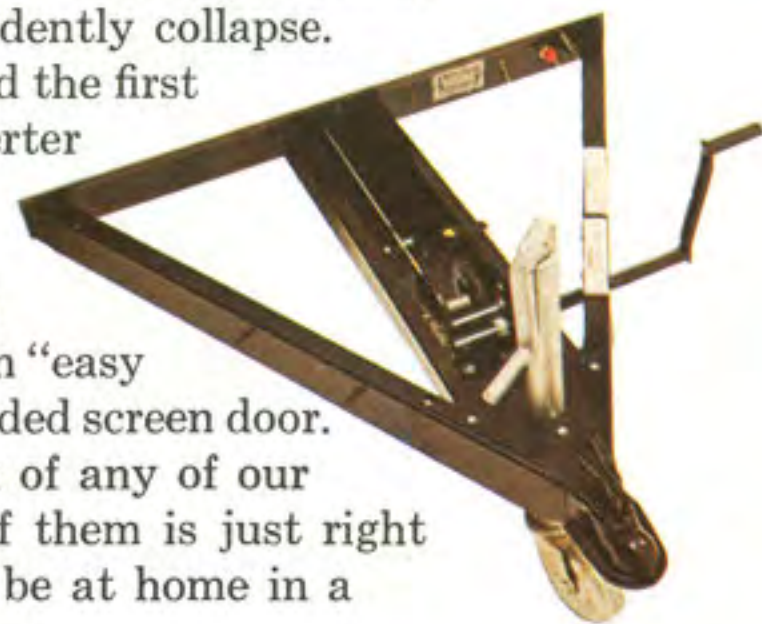

STARCRAFT CAMPERS.

**The number one home
away from home
in the world.**

It's true. More people have good times in Starcraft campers than any other kind of camper. And for a lot of good reasons. For example: innovations like the first crank-up lifter system, improved this year with safety catch so the top can't accidentally collapse. We also introduced the first 110/12 volt converter system. And now, we've made setting up camp even easier by adding an "easy adjust" spring-loaded screen door.

Take your pick of any of our 11 models. One of them is just right for you, so you'll be at home in a Starcraft camper.

Get away with it all.
Galaxy has more room,
comfort and convenience than
any other camper at any
other price. Take one step
through the door and look
around. You'll begin to see a
few of the reasons why.
You'll be standing in one of
the best organized spaces on
Earth. Depending on which of the

GALAXY 75

Galaxy 6 interior.

Galaxy 8 interior.

Side storage trunk.
(Galaxies and
Stardust Swinger).

three models you choose, standard features include a kitchen complete with a gas range and stainless steel sink, a convertible dinette and bunk space to sleep six, seven or eight. There's a wardrobe and side trunk for extra storage. A 4.0 cu. ft. ice box that's accessible even with the top down. And, of course, Starcraft's 110/12 volt converter system lets you get power from either your car battery or campground hook-up.

If you'd rather cook outdoors for a change, our Galaxy Swinger model has a kitchen with a swing-out console that lets you cook indoors or out.

The cabinetry and upholstery in the Galaxy has the look and feel of fine furniture. Color coordinated curtains, vinyl floor covering, upholstery and countertops give a bright and cheery feeling to the greatest looking indoors in the outdoors.

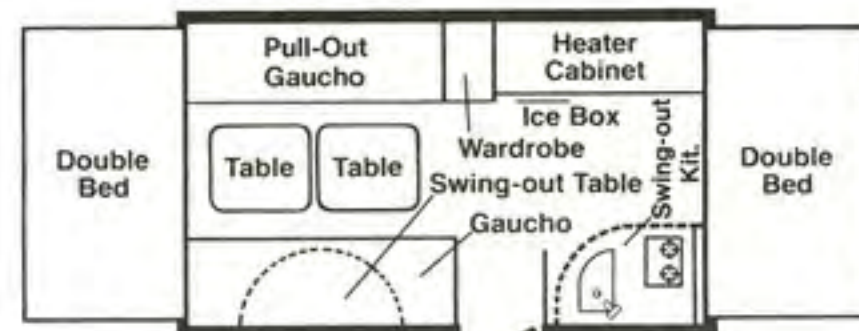

Galaxy Swinger swing-out kitchen.

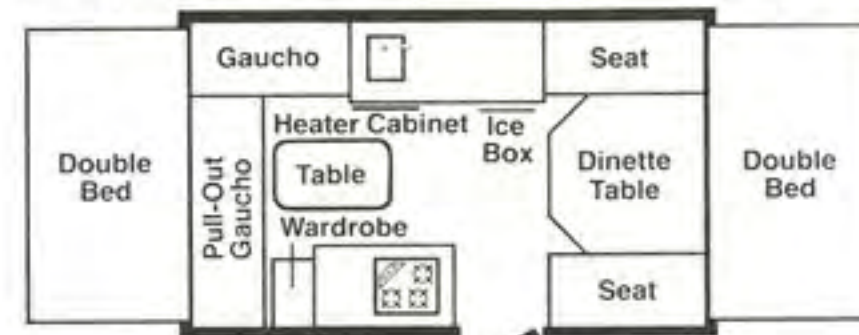

Starcraftsmanship guarantees the good times.

 We recommend "normal loads" 200 to 300 lbs. below full GVWR.
 Actual weight of any Starcraft camper will vary based on the specific options installed.

It's one of the most complete campers ever built. Stardust's unique floor plans offer the utmost in utility and convenience.

13" wheels and heavy duty running gear give you increased cargo capacity. Inside, there's plenty of room to stretch out. Depending on the model you choose, it can sleep a family of six or eight. At meal time, the whole family can sit down

STARDUST 75

together at the convertible dinette. There's an additional half dinette in Stardust 8, providing even more dining space. There's a handy wardrobe for your clothes. Positive latches on all the cabinet doors. A 2.5 cu. ft. ice box (4.0 on Stardust Swinger). A gas range. Even a kitchen sink in a cabinet that swings-up to a comfortable working height. There's a swing-out console kitchen in the Swinger model that'll let you cook indoors or out. And the Swinger also offers convenient side storage for all your camping extras.

No other camper gives you this kind of room and comfort for the money. Not one.

It's true. Starmaster is the answer for a big family with a not so big budget. With convert-

Three way windows include screen, clear vinyl and canvas with zippers. (Curtains replace canvas in some models.)

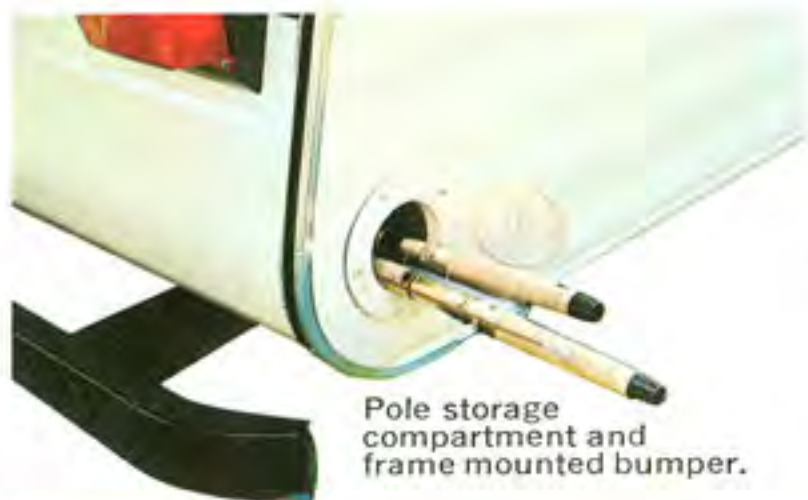

The roofs on the end bunks are two layers thick for longer life and greater resistance to moisture. Canvas on the inside, vinyl on the outside. A 3-way window gives you maximum protection and ventilation in any weather. Starcraft's 110/12 volt converter system lets you get power from your car battery or campground hook-up. And there's outside storage for bunk supports and fishing rods, quality woodwork on

STARMASTER 75

ible dinette(s), Starmaster 6 will sleep a family of six. Starmaster 8 will sleep eight. All in comfort. The 2.5 cu. ft. ice box is within handy reach even with the top down, so you don't have to set up camp to get the kids a cold drink. The kitchen console, with range and sink, swings up to a comfortable working height. And there's enough storage aboard to pack along clothes, food and camping equipment to last an entire vacation.

Starmaster 8 interior.

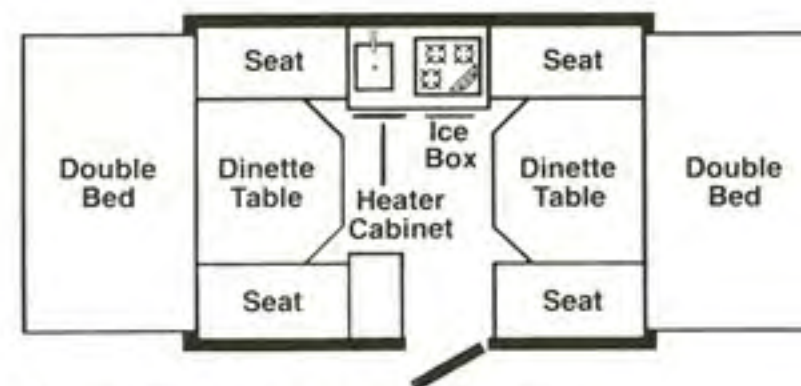

Pole storage compartment and frame mounted bumper.

storage cabinets, comfortable seat cushions and strong, durable, 4-ply sandwich-wall construction. It all adds up to make Starmaster the most popular camper on the market today.

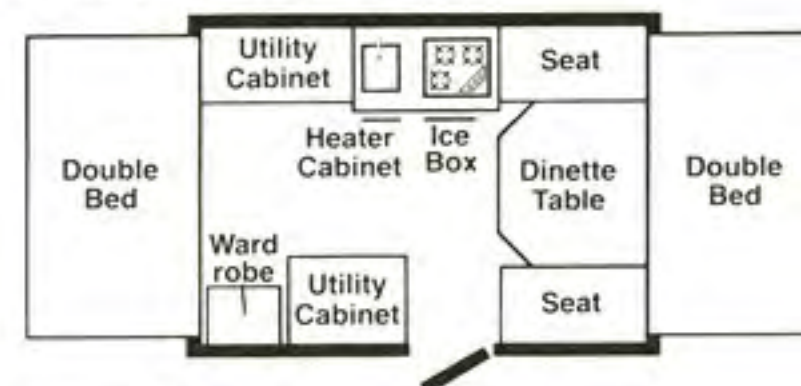

Starcraftsmanship guarantees the good times.

Take your family back to nature at a down-to-earth price.

Starflite and Starlite don't economize on quality or comfort. Only on price. They come with many features you'd expect to

STARFLITE 75 STARLITE 75

find only in more expensive campers. And their 200 lb. hitch weights make them towable by compact cars.

Starflite has a 2.5 cu. ft. ice box that's accessible even with the top down. A kitchen complete with color coordinated appliances. And both sink and countertop swing up to a comfortable working height.

There's also a wardrobe. Fold-down utility table. And plenty of cabinet space. Starcraft's flexible 110/12 volt converter system lets you get power

from either your car battery or campground hook-up.

If the basic camping trailer is what you're after, Starlite's for you. It features a large utility cabinet for stowing away a camping stove,

clothes, luggage and other camping gear.

Both offer a 3-way window, a convertible dinette, comfortable seat cushions, plenty of storage and sleeping space for six.

Starflite interior.

Spring loaded screen door adjusts easily into place.

Starlite interior.

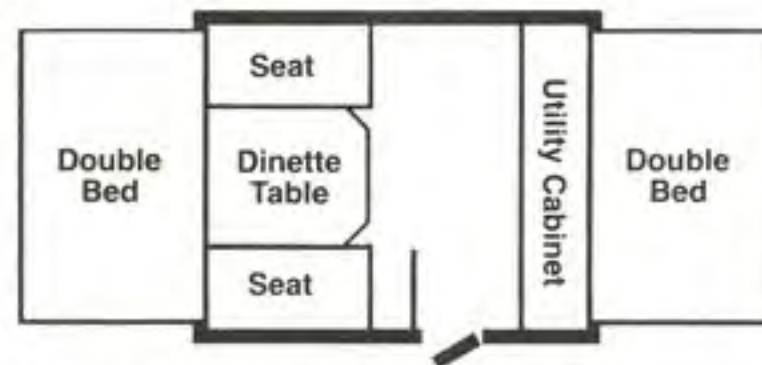

With 4-ply sandwich wall construction for strength and durability, a crank-up lifter system that'll help you set up camp in less than five minutes, and all of it in an easy to tow length, you get a lot of camper. And a lot of fun. For very little money.

Starcraftsmanship guarantees the good times.

The Recreational Vehicle Institute has established standards for the plumbing, electricity and L.P. gas systems for camping trailers. For your safety, all 1975 Starcraft camping trailers meet or exceed those standards. This is exemplified by the R.V.I. seal our units carry.

Starcraft camping trailers are built to conform to or exceed the codes and standards established by the Recreational Vehicle Institute and applicable local codes. Because local codes and standards sometimes require alterations in equipment, systems and/or components and because local codes are subject to change, differences in standard equipment and/or specifications for coded models are not necessarily reflected in this catalog. You are therefore advised to consult your Starcraft dealer concerning differences in coded models in areas where local codes are applicable.

The laws of your state may require that your Starcraft camping trailer have brakes. Determine the need for brakes by adding the weight of options you plan to purchase to the curb weight of the model you have chosen. Compare your camper weight, plus your anticipated cargo (load) needs to the weight laws in your state of residence. If your trailer weight exceeds the legal limit, brakes should be added to your order.

You should also familiarize yourself with the laws of states within which you plan to travel.

How We Build the Good Times into Starcraft Camping Trailers *

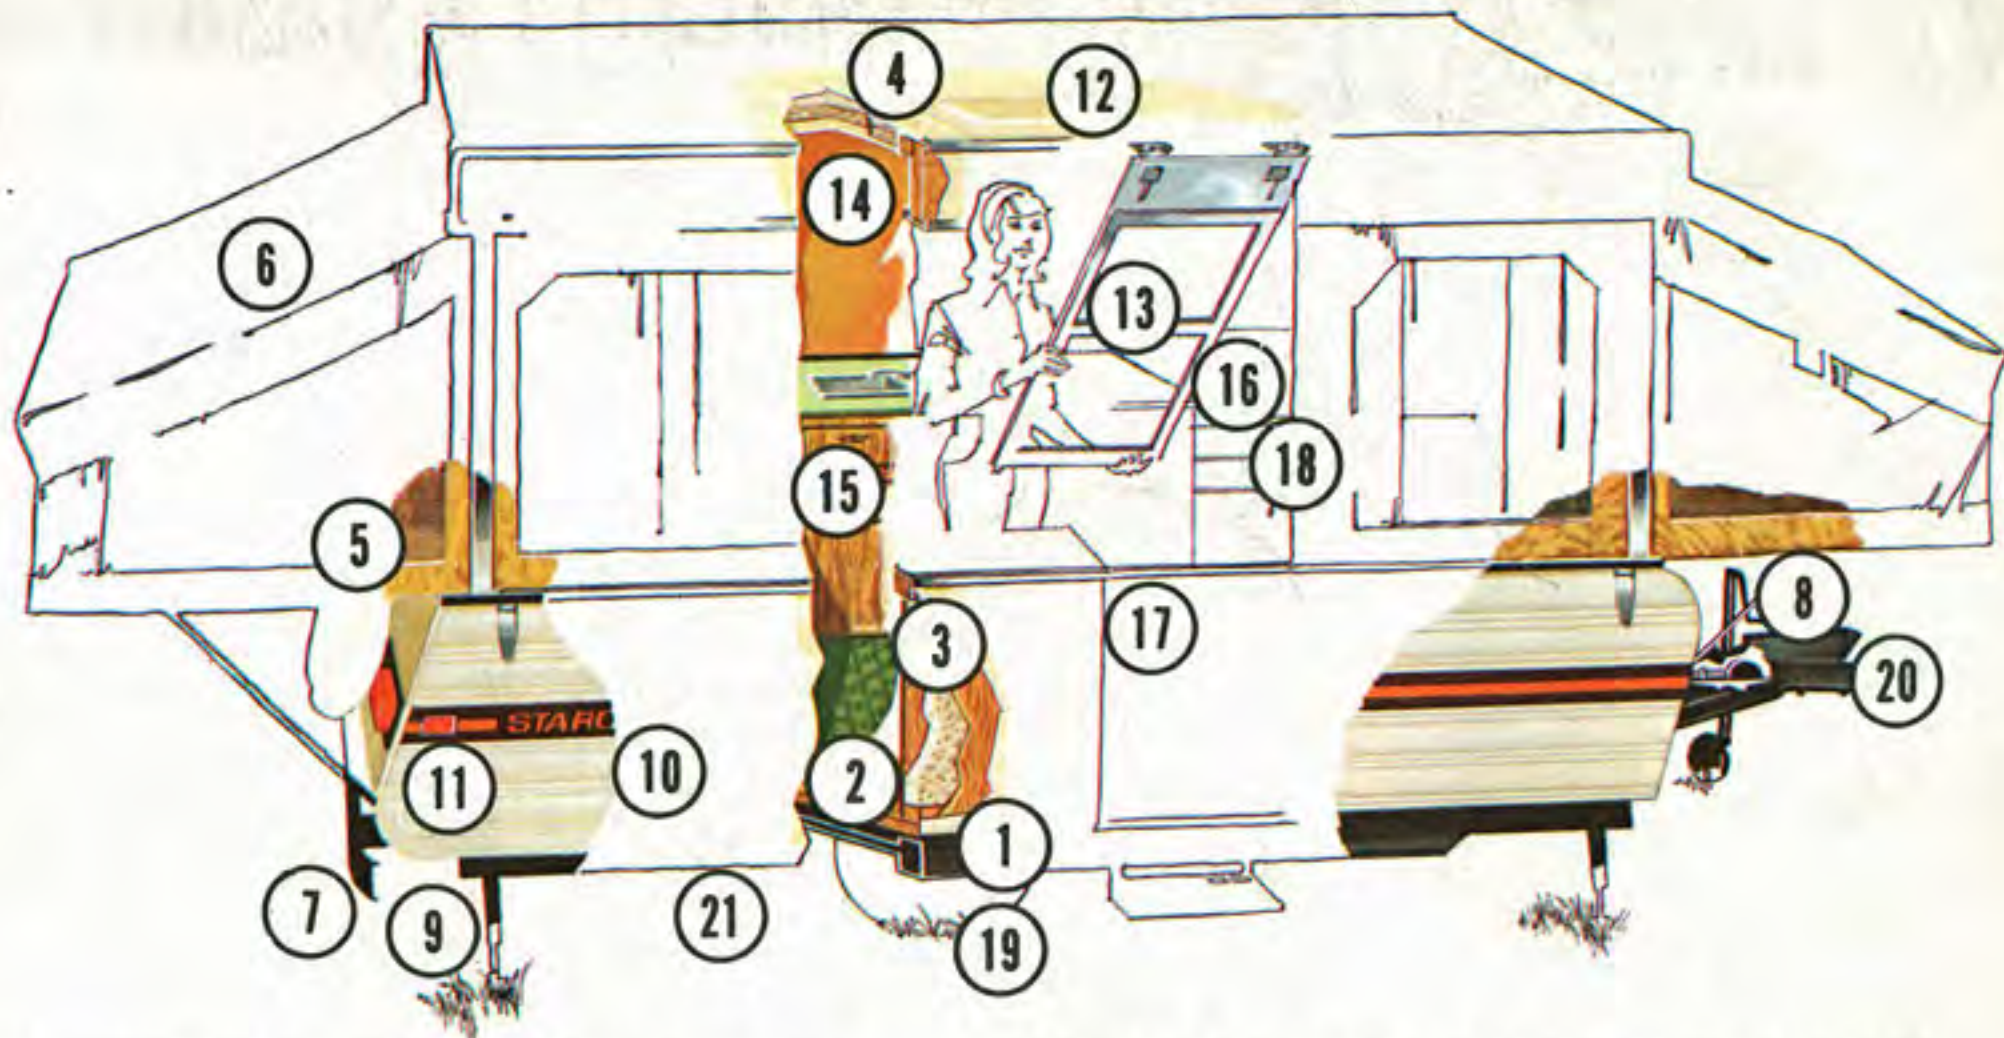

1. Rugged 4" square channel steel frame.
2. Rigid plywood flooring treated to resist warping.
3. 4-ply sandwich walls with aluminum exteriors that are strong, yet lightweight.
4. Fully insulated roof.
5. Heavy-duty double-stitched canvas sides.
6. Water-proof vinyl end bunk covers.
7. Steel bumper integrated with the frame for collision protection.
8. Crank-up lifter system with safety catch lets you set up in 5 minutes or less.
9. Built-in stabilizing jacks.
10. Weather-proof duplex outside receptacle.
11. Storage for bunk supports and fishing rods.
12. Roof vent for better air circulation.
13. Easy adjust spring-loaded screen door for easy set-up.
14. Three-way windows on the off-door side including screen, clear vinyl covering and curtains or canvas with zippers.
15. Counter with sink at a convenient working height.
16. Reversible cushions.
17. Ice box (accessible from the door even when the camper top is down).
18. Dinette that converts into a double bed.
19. Elec. or hydraulic surge brakes for safe, sure stops.
20. Heavy duty 2" coupler.
21. Leaf-spring suspension for easy towing.

Plus these features not shown:

- 10 gal. water tank with galley pump.
- City water hook-up. • 110 volt power cord.
- 110/12 volt electric converter. • Optional fresh air vented heater. • Gas range.

*Features shown not necessarily available on all models. Consult standards and options for actual offerings on each model.

All product illustrations and specifications are based on information available at the time of publication. Some of the equipment shown separately and on product illustrations is optional at extra cost. Because of a continuing policy of product improvement and a desire to provide better consumer value, Starcraft reserves the right to make changes without notice or obligation. Your local Starcraft dealer will have exact specifications and product offerings at the time you buy.

Our campers are trouble-free. So is our warranty.

But, if you ever do have a problem with your Starcraft camping trailer, one of our dealers will be happy to take care of it immediately.

We're so sure of the quality and workmanship we build into our campers, that we back each one with a full 12 month warranty against defects in materials and workmanship. (Ask your Starcraft dealer for the complete Starcraft warranty.)

Starcraft Camper Club. Good times. Good friends.

To make owning a Starcraft camper even more enjoyable, you have the opportunity to join the Starcraft Camper Club. The club offers you good fellowship and organized activities on the state and national level. A national rally is held each year, along with dozens of local rallies. Ask your dealer about joining in on the fun.
