DINETTE-IN-A-DRAWER

Dinette-in-a-drawer campers feature a 50" dinette that slides out of the camper trailer like a drawer. The unique installation on AcuRide® slides does not require additional outside stabilizer jacks.

Our designers understand what camping families need. That's why you'll find so many handy features. Easy access storage, inside/outside cooking facilities, and comfortable sleeping accommodations all contribute to the good times you'll enjoy in your Flagstaff Dinette-in-a-drawer camper.

Dinette-in-a-drawer's slide out provides more room to stretch out and relax, while generous storage makes packing and traveling a breeze.
