Classic Wide Body Camping Trailers

The Flagstaff Classic is about family values. It's about enjoying good times together at a price families can afford without sacrificing comfort and convenience. Every inch of usable

space is transformed into pleasingly functional living quarters. An abundant offering of standard features and available options provides for your family's every need. Best of all, it's built to last through many years of fun and adventure.

The hand-held outdoor shower provides quick clean-up.

The shower with cassette port-a-pottie is available in selected models.

The movable range and work table can be mounted outside for outdoor cooking.

Outside trunk storage with a versatile slide out storage bin.

The full-size closet (opt.) keeps clothes tidy and easily accessible. It's one of many family-friendly features.

Large roomy bunks with innerspring mattresses provide home-like sleeping comfort.

Flagstaff's Classic camping trailers come in a variety of models. Each one is easy to tow to your favorite camping destination.

To ensure long-term satisfaction, Flagstaff uses top grade materials and building components to meet our stringent quality requirements.

In a way, Flagstaff's MAC camping trailers are a contradiction of terms. One normally doesn't think of a fold-down camping trailer as luxurious, but Flagstaff has achieved the unlikely. It offers comfort and beauty without the cumbersome size and weight of a traditional travel trailer. Easy to tow and loaded with features, the MAC is ideally suited for families who place a premium on fun.

MAC Wide Body Camping Trailers

Ingenious features such as this storage pack enhance your convenience.

The exterior 120 volt electrical outlet is handy for outside uses.

This slide-out model adds living space to the wide body design. Sleeping capacity ranges from six to eight people depending on the model.

Roomy bunks with high density foam mattresses provide comfortable sleeping accommodations. The dinette also converts to additional sleeping space.

An optional screen room can be added to enhance your outdoor activities.

Flagstaff Classic Wide Body Camping Trailers

Create-A-Breeze
Fantastic Vent

Vinolon Supreme

Wide Body Camping Trailers

Understanding Weights

GVWR - Gross Vehicle Weight Rating. This is *NOT* the weight of the trailer. This is what the trailer is rated to carry. It is the total maximum allowable weight of the fully loaded trailer (not to be exceeded) which includes the base unit dry weight, all fluids, cargo, optional equipment and accessories. This number, along with other maximum safe vehicle weights, are shown on the Safety Compliance label, located on the exterior left front (off door side) of each unit.

Base Unit Dry Weight - (unloaded vehicle weight). This is what the trailer actually weighs without cargo (food, clothing, camping supplies), fresh water, LP gas, optional equipment or accessories. You get this number by combining the axle and hitch weights.

Axle Weight - Proportion of the base unit dry weight that is supported by the axles, tires and wheels.

Hitch Weight - (tongue weight). Proportion of the base unit dry weight that would be supported by the tow vehicle.

Warranty

For details on Flagstaff's complete warranty program, see your Flagstaff dealer. When it comes to backing its products with the same quality and commitment it does when it begins the manufacturing process, the only name you have to remember when you're looking for a recreational vehicle is FLAGSTAFF.

Flagstaff offers the following limited warranties to the original purchasers. Consult the written warranty for details.

1. Limited lifetime lifter system warranty
2. 5-year roof warranty
3. 25-year floor warranty
4. 5-year frame warranty
5. 5-year tent warranty

Contact your Flagstaff Dealer for information on the lifetime structural warranty available to you.

Flagstaff camping trailers are designed to meet the varied needs of the customer. It is the responsibility of the owner to select the proper load combination for his individual needs without exceeding the listed axle weight capacities.

The information in this brochure is the most current available at the time of printing. Flagstaff's continuing product improvement program may change colors, options, specifications, floor plans, components, and materials without obligation to the manufacturer. Some items shown in photos may be extra cost options.

The Two Forests of Forest River... Forming Relationships with Nature

Forest River, Inc. is helping to preserve America's wilderness areas for the use and enjoyment of our customers and future generations. With every Forest River recreational vehicle purchased, a tree will be planted in the buyer's name in one of America's national forests.
