New campers from Roberts Sales include*:

1. Suburban 19,000 BTU forced-air furnace with automatic ignition
2. 1.7 cu ft. 12V refrigerator (HW tent campers have a 4.0 cu ft. 3-way refrigerator)
3. Demand water pump
4. Power converter with built-in battery charger
5. Roof-mounted solar panel with controller
6. Griddle & prep table (excl. LTD & LT)
7. Awning (excl. T-series)
8. Powered roof exhaust vent (excl. LTD & LT)
9. Group 27 deep-cycle marine battery
10. Radial tires and spare tire with tire cover
11. Electric brakes
12. Our Prep Package, including: 4 tire chocks, stabilizing jack power drill attachment, battery pack fuse holder, spare fuses, 110V adapter plug, awning stakes (excl. T-series) & instruction card.
13. A full demonstration of the set-up/tear-down, operation, and maintenance of the camper.

Please note: we do **not** charge delivery & handling fees, demonstration fees, destination fees, or any other hidden fees. **Our Price is the actual price for our campers** (plus tax based on where you live).

--That said, the factory may change prices without notice. Please ask us for details. *Thank you!*

*The "Off The Ground" models are the most basic campers intended to be light and very simple to use. They exclude many items on our list above: OTG campers do not have water or propane systems, and they do not have a furnace, refrigerator, water pump, griddle, prep table, awning (& awning stakes), powered roof vent, solar panel, or heated mattresses. They are essentially beds on wheels.
